

SHARP

Document Solutions
Product Range Brochure

MFPS AND PRINTERS TO
SUIT ANY SIZE BUSINESS

Sharp know that document demands are as diverse as the businesses that create them **/This is Why** we have an extensive range of MFPs and copier/printers.

We have a long, proud history in the manufacture and development of today's MFP /This is Why our machines are recognised as some of the most advanced in the world.

Sharp is a global producer of innovative technology products. Its four core product areas are Document Solutions, Health and Environment, Consumer Electronics and Solar.

Sharp proudly unveiled their first photocopiers in 1972, following it soon after with a fast new digital copier. Today, worldwide production has already exceeded 20million units and we continue to make some of the worlds most powerful and popular digital document solutions.

Our current range includes a wide selection of products, from space-saving copier/printers through to exceptionally versatile high-speed multifunctional systems. And because we develop the toner at the same time as the hardware, you're guaranteed of optimum quality from the first page to the very last.

In keeping with Sharp's time tested reputation for product reliability and customer satisfaction, our document systems line up boasts cutting edge technologies, productivity boosting options, and industry leading security functions. Manufactured under strict in-house environmental standards, Sharp's recycle-friendly, energy-efficient document systems exemplify Sharp's commitment to minimise environmental impact.

Sharp takes it environmental responsibility extremely seriously. From the board of directors to the factory floor every employee is committed to conserving resources and protecting the environment.

And when it comes to manufacturing, we like to think we're in a class of our own. From as far back as the 1990's, Sharp has been making substantial investment in minimising our environmental impact. From the design of the product right through to the end-of-life product disposal, every aspect of our manufacturing processes has been scrutinized and improved.

Here in the UK we have been officially certified with the Carbon Trust Standard to prove we have taken a real action on reducing our carbon footprint.

The Carbon Trust Standard is a mark of excellence that is awarded to organisations in recognition of their measuring, managing and reducing their carbon emissions. It is a third party verification that we have taken real action on climate change and have reduced our carbon footprint.

REGARDLESS OF SIZE OR COST, ALL SHARP PRODUCTS ARE BUILT TO THE HIGHEST STANDARDS AND FEATURE CUTTING-EDGE TECHNOLOGY TO BOOST PRODUCTIVITY

Choosing an MFP should never be a compromise **/This is Why** our product range includes a solution for every size business and budget, without skimping on features or quality.

MX-2310U/2614N/3114N

A3 colour MFP

PPM/CPM: 23, 26, 31 mono & col.

General suitability:

Small workgroup

Control panel type:

7.0 inch colour LCD touch-screen

RSPF: 100 sheet

Paper sheet input:

600 std. or 2100 max. (MX-2310U)
600 std. or 3100 max. (MX-2614N)
600 std. or 3100 max. (MX-3114N)

Options: Inner finisher

MX-2610N/3110N/3610N

A3 colour MFP

PPM/CPM: 26, 31, 36 mono & col.

General suitability:

Small or medium workgroup

Control panel type:

10.1 inch colour LCD touch-screen

Paper sheet input:

1100 std. or 5600 max.

Options: 1000-sheet saddle-stitch finisher

MX-4112N/5112N

A3 colour MFP

PPM/CPM: 41, 51 mono & col.

General suitability:

Medium or large workgroup

Control panel type:

10.1 inch colour LCD touch-screen

RSPF:

100 sheet (MX-4112NR / 5112NR)

DSPF:

150 sheet (MX-4112ND / 5112ND)

Paper sheet input:

1100 std. or 5600 max.

Options: 1000/4000-sheet saddle-stitch finisher or 4000-sheet high-capacity finisher

MX-6240N/7040N

SRA3 colour MFP

Please see p5 for further details on these models.

MX-M182D/M202D/ MX-M232D

A3 mono MFP

PPM/CPM: 18, 20, 23

General suitability:

Small workgroup

Paper sheet input:

600std (MX-M232D/MX-M202D)
350std (MX-M182D)
all expandable to 1100 sheets

Scanning: Full colour

Features: Duplex printing, duplex fax, network printing with PCL6

MX-M264/M314/M354N

A3 mono MFP

PPM/CPM: 26, 31, 35

General suitability:

Medium workgroup

Control panel type:

7.0 inch colour LCD touch-screen

Paper sheet input:

1100 std. or 2100 max.

RSPF: 100 sheet

Scanning: Full colour

Features: Duplex printing, network printing with PCL6

Options: 500-sheet inner finisher, HDD, keyboard

MX-M260/M310

A3 mono MFP

PPM/CPM: 26, 31

General suitability:

Medium workgroup

Control panel type:

8.1 inch mono LCD

Paper sheet input:

1100 std. or 2100 max.

Scanning: Mono

Options: 500-sheet inner finisher

MX-M363U/M453U/M503U

A3 mono MFP

PPM/CPM: 36, 45, 50

General suitability:

Medium or large workgroup

Control panel type:

8.1 inch LCD

Paper sheet input:

1100 std. or 5600 max.

Options: Mono scanning, 1000-sheet saddle-stitch finisher or 4000-sheet high-capacity finisher

When you're printing everyday, anytime saved makes a huge difference **/This is Why** we invent reliable, flexible MFPs with user-friendly, innovative features.

**MX-M282N/M362N/
M452N/M502N/M283N/
M363N/M453N/M503N**

A3 mono MFP

PPM/CPM: 28, 36, 45, 50

General suitability:
Medium or large workgroup

Control panel type:
Colour LCD touch-screen
- 7.0 inch (all MX-M**2N models)
- 8.5 inch (all MX-M**3N models)

Paper sheet input:
1100 std. or 5600 max.

Scanning: Full colour

Options: RSPF or platen,
1000-sheet saddle-stitch finisher or
4000-sheet high-capacity finisher

MX-M623U/M753U

A3 mono MFP

PPM/CPM: 62, 75

General suitability:
Departmental or large workgroup

Control panel type:
8.5 inch colour LCD touch-screen

Paper sheet input:
3100 std. or 6600 max.

Features: 100-sheet stapler finisher,
A4 or A3/A4 high-capacity trays.

Options: Full colour scanning

MX-C312/C381

A4 colour MFP

PPM/CPM: 31, 38 mono & col.

General suitability:
Medium workgroup

Control panel type:
Colour LCD touch-screen
- 7.0 inch (MX-C312)
- 8.5 inch (MX-C381)

Paper sheet input:
600 std. or 2100 max.

Options: 280 sheet inner-finisher

MX-M1204/M1054/M904

SRA3 mono MFP

Please see p4 for further details
on these models.

MX-B200/B201D

A4 mono MFP

PPM/CPM: 20

General suitability:
Personal (3-in-1)

Paper sheet input:
300 std. or 550 max.

Scanning: Full colour

Options: Single Pass Document
Feeder (SPF), Fax and Network
printing/scanning (MX-B201D)

MX-B382

A4 mono MFP

PPM/CPM: 38

General suitability:
Medium workgroup

Control panel type:
7.0 inch colour LCD touch-screen

Paper sheet input:
600 std. or 2100 max.

Scanning: Full colour

Options: 280 sheet inner-finisher

DX-B350P/B450P

A4 mono printer

PPM/CPM: 34, 43

General suitability:
Medium or large workgroup

Paper sheet input:
700 std. or 1800 max.

Options: Duplexing, 500-sheet
offset catch tray

DX-C200/200P

A4 colour printer

PPM/CPM: 20 col.

General suitability:
Personal use desktop or
small workgroup

Paper sheet input:
250 std. or 750 max.
(plus 1-sheet bypass tray)

Options: 500-sheet paper drawer

We understand productivity /This is Why we're proud to put our name to these versatile high performance products

Our new SRA3 mono range, MX-M1204, MX-M1054, MX-M904, offers the capabilities for high volume printing with a variety of different finishing options allowing them to adapt for a variety of different environments. Listed below are examples of configurations available but please consult your Sharp representative for further information and a full understanding of options and configurations available.

Sharp Superior Black & White

- New micro-fine toner technology and true 1200x1200 dpi ensures optimum density and edge definition for exceptional print quality
- Power multi-tasking controller, standard genuine Adobe Postscript and innovative job management streamlines document workflow
- Robust design ensures increased reliability and durability in order to withstand heavy use from high speed and high volume output
- Advanced energy saving features such as eco scan, customisable 7 day power management scheduler, auto power management and LED exposure lamp minimise power consumption and maximise energy savings

MX-M1204/MX-M1054/MX-M904

- A4, A3 and SRA3 paper handling
- 8,500-sheet paper capacity
- Status indicator
- Curl correction
- High capacity stacker for 5,000 sheets plus cart

MX-M1204/MX-M1054/MX-M904

- A4, A3 and SRA3 paper handling
- 8,500-sheet paper capacity
- Status indicator
- Curl correction
- High capacity stacker for 5,000 sheets
- Various folding options

MX-M1204/MX-M1054/MX-M904

- A4, A3 and SRA3 paper handling
- 8,500-sheet paper capacity
- 4,000-sheet finisher
- 100-sheet stapling
- 20-sheet booklets
- Inline trimming
- Inserter
- Curl correction

MX-M1204/MX-M1054/MX-M904

- A4, A3 and SRA3 paper handling
- 13,500-sheet paper capacity
- Curl corrector
- 100 sheet stapling and 20 sheet booklets
- Dual high capacity stackers for 10,000 sheets
- Various folding options

It can take years to learn the fine points of colour printing and finishing /This is Why our new SRA3 colour systems do it all for you, and fast.

Our new SRA3 color range, MX-7040N and MX-6240N, are durable, reliable and surprisingly energy efficient. Available in a variety of different configurations with a large choice of finishing options these new devices cater for a variety of environments. Listed below are example configurations but please consult your sharp representative for further information and a full understanding of options and configurations to suit your requirements.

Sharp Advanced Colour

Power and ease of use count for nothing unless you have the image quality to back it up. And that's where the MX-7040N and MX-6240N really impress.

With true 1200 x 1200 dpi resolution, even documents with fine detail will look great! Standard true Adobe Postscript drivers deliver extensive colour control options, so you can manage colour output right from your desktop.

The MX-7040N and MX-6240N utilise and innovative Colour Consistency System which is a synergy of image processes that helps ensure colour output always looks as brilliant and sharp.

MX-6240N/7040N

Offers busy offices high speed quality printing and copying of regular office documentation.

- A4 or A3 paper handling
- SRA3 and 300 g/m² via bypass tray
- 6,600-sheet paper capacity
- 4,000-sheet finisher
- 50-sheet stapling
- 2 or 4 hole punching

MX-6240N/7040N

Offers all of the above plus occasional booklet making up to 60 pages.

- A4 or A3 paper handling
- SRA3 and 300 g/m² via bypass tray
- 4,000-sheet finisher
- 6,600-sheet paper capacity
- 50-sheet stapling
- 15-sheet folding
- Saddle stitching
- 2 or 4 hole punching

MX-6240N/7040N

Fast and versatile offering professional capacity finishing. Productive solution for small print rooms or an area supporting large numbers of users.

- A4 or A3 paper handling
- SRA3 and 300 g/m² via bypass tray
- 6,100-sheet paper capacity
- 4,000-sheet finisher
- 100-sheet stapling
- 20-sheet folding
- Curl correction

MX-6240N/7040N

Fast and productive. Ideal for producing a variety of marketing materials such as mailers, pamphlets and brochures.

- High capacity A4, A3 or SRA3 paper handling
- Air feeding enables reliable handling of coated, uncoated and textured media
- Choice of 5 popular fold options
- 100 sheet stapling
- 20 sheet saddle stitching 5 in-line folding options
- Curl correction

MX-6240N/7040N

The most versatile and productive configuration for busy print-rooms, reprographics departments or print-for-pay establishments.

- High capacity A4, A3 or SRA3 paper handling
- 8,500 sheet paper capacity
- 100 sheet stapling
- 20 sheet saddle stitching with optional fore-edge trimming up to 20mm
- 5 in-line folding options
- Post process insertion
- Curl correction

Sharp believe in helping you get the most from your hardware investment /This is Why we developed tailor-made solutions to further enhance the productivity of your MFP.

Office Solutions

Recognising the increasing need for organisations to offer high quality customer service while decreasing operating costs, we at Sharp have targeted industry leading solutions that provide added value through close integration with our Multi-Functional Printers (MFPs). These solutions complement our MFP range in the areas of Print accounting, Scanning, Print Output and Document Management and can offer cost savings, rapid ROI, or real improvements in business process workflows.

Print Accounting

Audit print use and attribute print costs to users or departments and limit paper wastage by having users release their print jobs at the MFP. Use Rules to force jobs to print in Mono/Duplex or to print on the most economical printer.

- Equitrac
- Papercut
- Sharp Job Accounting
- Safecom
- Pcounter
- Sharp Print Release
- Everyone Print

Scanning and eDM

Whether you simply need to scan to email or a file structure, SharePoint or an electronic Document Management system, We can help you get the best from your investment in your MFPs.

- Scan2Sims
- SimplifyScan
- Drive Image
- Docuware

Print Output Management

Improve your print workflow and make the best use of the print capacity you have by load balancing and job splitting.

- ATI doc-Q-route

Production Solutions

In the Production market we recognise the need for solutions that provide functionality essential for Print Shop owners and Corporate Repro Departments helping them improve print workflow and increase print productivity so saving money and creating profitability. Our solutions can help improve workflow through better and easier Make Ready, simple to operate Web to Print operations and Print Output Management.

- ATI doc-Q-view
- ATI doc-Q-ticket
- ATI doc-Q-manager

Information and Document Security

Sharps award winning Data Security Kit (DSK) is an industry leading and Common Criteria certified solution for the protection and management of sensitive information in the MFP. The DSK enhances the SSL security offered in the standard secure network interface by encrypting information on the hard disk drive and in working memory as well as offering secure data erasure and a copy protection, document control feature.

INDUSTRY-LEADING DATA SECURITY KIT ENSURES SENSITIVE INFORMATION STAYS SECURE

Printer Administrator Solutions

Sharp's Printer Administration Suite is a set of intelligent yet easy-to-use tools designed to help manage your networked printers and MFPs. Central to the suite is our award winning Printer Administration Utility (PAU). This latest version of PAU is packed with powerful features to streamline every aspect of the installation, configuration and management of your printers and MFPs, increasing availability and ultimately enhancing productivity.

The Sharp Printer Administration Suite comprises:

- SRDM
- Printer Status Monitor
- Web Page-Enabled Device Management
- Advanced Email Status Alert

Managed Print Service (SOS)

We also offer a real-time printer / MFP fleet monitoring and click-count collection application:

- OneStop MPS Portal
- OneStop MFP Key

Sharp MFPs are designed with superb, trouble-free performance in mind **/This is Why** to keep things running smoothly you should only fit Sharp Genuine Supplies.

Top performance with Sharp Genuine Supplies

Sharp have many years experience in producing the highest quality supplies and spares components for our copier / printer range. Sharp Genuine Supplies assure the highest reliability and minimum downtime for your machines.

Sharp digital copier/printers and their supplies are designed to achieve the highest standards of productivity in the industry by minimising the time required for operating, servicing, and maintenance.

Engineered to optimise quality and productivity

Sharp digital copier/printers are made to deliver clear, clean copies and trouble-free performance, but what you get out of you overall copier/printer depends on what you put into it. Overall copier/printer performance is dependent on the precise interaction of our factory-designed toner, developer, and drum. If you want top performance from your Sharp copier/printer, be sure to use Sharp Genuine Supplies available from Sharp Authorised Dealers.

What to look for?

Sharp Genuine Supplies are easily recognisable. Look out for the Sharp logo or Sharp Genuine Supplies logo on our products.

Caring for the Environment on every level

Sharp recognise that local responsibility can make a global difference so here in Sharp UK we have entered into a referral partnership with eReco EMEA Corporation Ltd to provide an environmentally-friendly consumable recycling solutions to our customers on a local level. eReco provide unique recycling solutions for waste consumables and Waste of Electrical and Electronic Equipment (WEEE) at the end of its life.

Our toner customers now have an environmentally responsible solution to dispose of their waste by proper treatment and recycling that ensures 0% waste to landfill. Sharp UK are committed to continuing the great work and to keep reducing our impact on the environment.

SHARP GENUINE SUPPLIES
ASSURE OPTIMUM
PERFORMANCE FROM YOUR
MACHINE, WITH THE
